As an institution of higher education, Patrasayer Mahavidyalaya has always been extremely sincere about the career advancement of its students. Therefore, the Career Counselling Committee regularly organizes different kinds of career counselling sessions for the benefit of the college students. On 4th October, 2023 the college proudly organized its first National Career Counselling Session in Blended Mode where the convener of the Career Counselling Committee along with the other erudite members invited **Dr. Premalatha S, Associate Professor of English, Department of School of Arts, Humanities and Social Sciences, REVA University, Bengaluru, Karnataka** to act as the Resource person.

The Career Counselling Session exactly started from 12 pm and the Principal of the college, **Dr. Santosh Koner** warmly welcomed the Resource Person with utmost zeal and enthusiasm. He briefly talked about the issues that has been a recurrent concern among the final year students. The session was focused upon the fifth semester students as they are about to finish their graduation and step into the bigger world.

After the welcome session, Dr. Premalatha began to speak about the prospective career options that the students can opt for after their graduation. She discussed several innovative

career options ranging from online retailing to start ups which excited the students very much. She also talked about the importance of mental health in this regard as the process of choosing a career can be very challenging and hence exhausting.

With her vast experience and sound knowledge, she tried her best to reach out to the students and to the belief of every member of the college, it was an extremely helpful Career Counselling session for the students. Also, due to the blended mode, more participants, both students and teachers could remotely listen to the session and benefit from it. The National level career Counselling session ended with a vote of thanks from Dr. Ritushree Sengupta, the convenor of the Career Counseling and Placement Cell.
