An Analysis through Swami Vivekananda's Philosophy'***

About the College

Patrasayer Mahavidyalaya is a grant-in-aid Arts college situated in the district of Bankura, West Bengal. It has been recognized by the University Grants Commission under section 2(f) and 12(B) and is affiliated to Bankura University. In the year of 2005, with immense help from Patrasayer Block Unnayan Samity, the college was established with a humanistic and noble motto of imparting quality education to the underprivileged, especially the poor and backward S.C., S.T. families & minority community. The inauguration of such a noble institution made it possible for the surrounding villages to aspire for higher education. The college sports a lush green campus and an extremely welcoming environment. The administration as well as the academic set up of the institution is student friendly and they work hand in hand to ensure holistic development of the students. The institution takes pride in giving special attention to the meritorious students coming from the backward classes and particularly upholds righteous human values. Patrasayer Mahavidyalaya believes in imparting modern and contemporary education to its learners, making them excel in studies as well as extra-curricular activities. There are 10 functioning departments in the college which offers 8 Honours and 10 General courses in Arts. Each department has a decent number of qualified teachers who are not only academically sound in their respective areas, but are highly motivated towards the development of their students. In the year 2023, the college has been accredited with a grade 'B' in the first cycle of assessment by NAAC.

Theme of the Seminar

Since 2002, World Philosophy Day has been celebrated across the globe to promote philosophical discussion, critical thinking and intercultural dialogues. The United Nations Educational Scientific and Cultural Organization (UNESCO) celebrate and encourage celebrating this auspicious day throughout the world on the third Thursday of November. The theme of World Philosophy day of this year is '*Philosophical Reflection in a Multicultural World*'. This theme highlights the role of philosophy in understanding different cultures, traditions, and perspectives of various thinkers; and hence, the importance of philosophy in the establishment of peace and harmony.

Philosophy is the mirror of a nation. A nation's enrichment reflects in its philosophical tradition(s). Our beloved India has been a secure abode of different cultures and philosophical traditions since down the ages. And till now it's a very prolific land for the philosophers of different genres. Contemporary philosophers from different points of views and on the basis of different values throw the lights on various issues, such as, ultimate reality, nature of the self, logic, nationalism, castism, humanism and human rights etc. Contemporary philosophers are not only those who are our contemporary, but whose thoughts are still relevant are also our contemporary. This is our very little endeavor to spread the message of the theme, of this World Philosophy Day, in an Indian context.
